

6 Oct 1999

To whom it may concern:

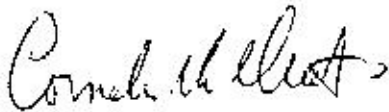

Kaj and Lucie Christensen have been employed on board the 30m motor yacht "Free Spirit" from 1 February 1997 until 30 October 1999.

During his employment as captain, Kaj has performed his duties above expectations, always having the interest of the yacht come first. He has done an outstanding job in maintenance, always having "Free Spirit" in "showboat condition". Above all Kaj is an honest and hardworking person who has been very careful with the running costs of the yacht. He is also well liked with everyone in the industry and his reputation as a Charter Captain is of the highest standard.

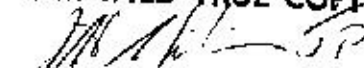

Lucie, I can only praise for her hard work and always wanting to please the owner and his guests. She has proven herself invaluable while the yacht was on charter, as the guests were always very pleased with her services and her tireless effort to make everyone's stay aboard a pleasure. As an organizer she is superb and no job is ever a problem for Lucie.

I can only give the highest recommendations, as Kaj and Lucie make a perfect couple to have on board. It is with great regret to have them leave our employment which is for personal reasons.

Cornelis Van Vliet
Manager of "Free Spirit"
