

February 12, 2007

To Whom It May Concern:

This letter is to confirm I have known Captain Kaj Christensen and his wife Lucia Christensen, from May 2005 until November 2006.

Kaj was hired as build captain for our new 40m, 45 knots jet boat - Moon Goddess. Lucia was the Chief Stewardess/Purser. During their employment on board, they worked through some difficult and demanding times but throughout proved to be professional, honest and reliable.

Moon Goddess was delivered to the owners recently and its' quality is a reflection of Kaj's vast experience in the industry.

If you have any further questions please feel free to contact me any time.
